Let Me Watch

Clint Crisher

I wanna watch you do it to himDo you boys mind if I just stay and watch
You're both so hot and all
I'll just um, I don't know
I might jerk off over here to the sideI want to watch you do it him
You boys are hot
It looks like paradise
You don't have to leave
Keep on going
Kiss him
Come on boys
Put on a showA couple's lust for one another
Might simply be too overpowering
Simply be too overpoweringSimply be to overpower me
There's an urgency
To be sexual and naughty
Sexual hold it touch it kiss it
Let me watch you
I wanna watch you do it to him
Hard and hot
Hard and heavy
Oh yeah
I wanna watch you do it to him
Hard and hot
Let me watch youCan I stay?
And watch you get naked
You boys are hot
Get nasty
I wanna watch you do it to him
Don't mind me
I'm not hereOthers perhaps engage in sex
In public places
Such as an airplane
A washroom
A carBoys are getting freaky
Looks like they're gonna lose controlLet me watch you
I wanna watch you do it to him
Hard and hot
Hot and heavy
Let me watch you

I wanna watch you do it to him
Hard and hot
Do it in public
It's very exciting
Stimulating
Freaky
Teasy
Lower your resistanceShould I stay or should I go
Don't be afraid
I just want to observe you
Being naughty
Get naked
I'll be quiet
Just let me watch
You get naked
Come on boys
Put on a show for me
I wanna watch you do it
I wanna watch you take it
You know you want toKiss it
Lick it
Suck it
I wanna watch you do it
Touch it
Feel it
Need him
Do him
Fuck him
Suck him
Lick himWhat are your fantasies?
What are your needs?
What are your fantasies?
Get freaky
Let me watch you
I want to watch you do it to him
Hard and hot
Hot and heavyLet me watch you
I wanna watch you do it to him
Hard and hot
Get to it, get freaky
Let me watch youI want to watch you do it to him
Hard and hot
Hot and heavy
Let me watch you
I wanna watch you do it to himI want to watch you get up on him

And give it to him
Hard and hot
Hot and heavy
