

# Get Better

## Mates of State

Forget all your politics for a while  
Let the color schemes arrive  
Come onboard, it's a curious sight  
Absorbing sound that's never been right  
Never ahead of, never behind it  
Occasionally guarded, just keeps us surrounded  
It's luck

Everything's gonna get lighter, even if it never gets better  
Ah

I propose a less serious boat  
But don't mistake it for a party of jokes, who are never ahead of, never behind us  
Floating in circles there's more to remind them of less

Everything's gonna get lighter, even if it never gets better  
Done  
I'm done  
I'm done

---
