

# Don't Buy The Realistic

## Spoon

All night, be left alone  
Take my name as my own  
So c'mon and take my hand, c'mon and  
C'mon and take my hand, c'mon and  
C'mon and take my hand, c'mon and  
Take my, take my, take my, take my  
Take my, take my, take my, take my  
Words are not much to say  
Face the, gets in the way  
So c'mon and take my hand, c'mon and  
C'mon and take my hand, c'mon and  
  
C'mon and take my hand, c'mon and  
Take my, take my, take my, take my  
Take my, take my, take my, take my  
Take my, take my, take my, take my  
So c'mon and take my hand, c'mon and  
C'mon and take my hand, c'mon and  
C'mon and take my hand, c'mon and  
Take my, take my, take my, take my  
Take my, take my, take my, take my  
Take my, take my, take my, take my  
Take my, take my, take my, take my
