

Action Satisfaction

Jurassic 5

I seen the dead man grins, the seven deadly sins
Couldn't keep his mouth closed in the house of the Chins
The all seein' eye that recognize the rap clones
Plus possess the pin to crack the pyramid stone
It's the call of the wild that's why my words rank high
To drop the verse for nine planets that fell from the sky
Do or die, you and I get fly with rap expressions
With the one, two, three, four, five
In the session with the lesson 'cause in treble and bass we trust
With the rebels orally ready in case we bust
And write a power chords and [Incomprehensible] place be plush
We kick the older school with Julio Iglesias
Tapes we push be straps with no safety catch
We attack like a bullet till your face relax
And think about it, if you ain't got the class to flee
Be mentally ready for Jurass-catastrophe
Now, now, and now it's time for me to rise
The lyric utilizer, down like fertilizer
Quick to improvise a style that can surprise ya
Your eyes is on the prize, we can go line for line
I ain't hard to find while we break your spine
My mild style reclines, I'm laid back
All that talk you need to save that
The payback is all the reason that I'm flexin'
The feds rockin' like we X-Men, ah, huh, yeah
You want action, satisfaction
The brothers with the positive reaction
The crew with the style that's on top of the pile
J5's gonna rock a long long while
You say, you want action, satisfaction
The brothers with the positive reaction
The crew with the style that's on top of the pile
J5's gonna rock a long long while
[Incomprehensible] set, who's up next to pull a fast one?
Lyrically connect the dot and then I blast one
Now, who wants action, satisfaction?
Lyrics reminds you of bass, I'm everlastin'
Castin' plagues my styles to crossin' switchblade
My momma should'a named me Grace

'Cause I'm amazingly blazing with the fire and desire
I'm world renowned, I gets down to the wire

Nah, if any child of mine get outta line boastin'
My style of rhyme covers you like calamine lotion
Lifted like outta vine motion, I spend time strokin'
You still drink [Incomprehensible] dime potion and dime boastin'

But now my rhymes open realms of spirituality
We be givin' power that you can share with your family
Aerodynamically cuttin' through danger
Rippin' your narrow mentality, nothin' but flavor, I got you

You want action, satisfaction

The brothers with the positive reaction

The crew with the style that's on top of the pile

J5's gonna rock a long long while

You say, you want action, satisfaction

It's the J5 Jurassic, not the Jackson 5

Been alive and well, unify, rebel

Set the clock, only time could tell

Father, what you say you want satisfaction?

What, a-what, what, a- what? Action

Father, what you say, you want satisfaction?

A little action, fa

Father, what you say, you want satisfaction?

Positive ac-action

Father, what you say, you want satisfaction? Aah

The moral of my oral ammunition rendition

2na fish [Incomprehensible] Marc Seven collision

Yo, we be forever keepin' niggas on they P's and Q's

And then the B's who snooze leave diseased and bruised

I see through your crews like an X-Ray tube

That gamma rayed your function, left you with assumption

That we be the butter clique

We smothered with the action, satisfaction

Guaranteed to be Jurassic

You want action, satisfaction

The brothers with the positive reaction

The crew with the style that's on top of the pile

J5's gonna rock a long long while

You say, you want action, satisfaction

The brothers with the positive reaction

The crew with the style that's on top of the pile

J5's gonna rock a long, long while, that's right

We gonna get y'all, yeah, we don't stop, to defeat y'all, J5
