Running Into You

Cowboy Mouth

My house is your house
Your friends used to be ours
And when I go to sleep at night
I keep wonderin' if she's sleeping now
Try not to kid myself
This time maybe we're throughTry to run away, but I keep runnin'
Try to run away, but I keep runnin'
Try to run away, but I keep runnin' into youIn other places
Seein' the ghost of your face
It's even in the furniture
That I bought for my brand new place
I live in an apartment now
But there's room enough for twoTry to run away, but I keep runnin'
Try to run away, but I keep runnin'
Try to run away, but I keep runnin' into youEvery time I see you now it feels like I'm pretending
We could be together somehow lovers more than friendsNow when I see you
Take you out for a date
You've hardly said a word
When you say baby it's gettin' real late
You've gotta go to work too soon
So where are you takin' me now?Try to run away, but I keep runnin'
Try to run away, but I keep runnin'
Try to run away, but I keep runnin' into you
