Stay fresh die alone
I still think alone
About your life what you've done and how you've been and wonder on too
If I came back
Would you feel that
Or would you have a heart Attack abc tell me that your more than that
I heard that you had got a girl
And done more things had seen the would
I guess I did too
but it just wasn't with you
I play my games I narrate but I don't really ever feel the weight
I guess thats no use but you have your proof
I still think about those days I had to give to take the weight i never faked it
I had to leave to get away from who I was to change my name
I promise so did you
so i
(C)
Stay fresh die alone
Smoke drink on my own
I had to leave get away from who I was and change my face but
I still sing alone about what could've gone
And how to take from what I say to make you laugh and make you say
Please
Don't go
Stay home
or just please
don't forget me when you know(Bridge)
Baby you think your funny but your not my bunny she was a lovely who just kept running running away from
me so I'll keep running running away from here
so i
(C)
Stay fresh die alone
Smoke drink on my own
I had to leave get away from who I was and change my face but
I still sing alone about what could've gone
And how to take from what I say to make you laugh and make you say
Please
Don't go
Stay home

or just please
don't forget me when you know
