

# Love Is Here

## Luscious Jackson

I've got a magical radar, feels like I just woke here  
If you gonna lose your independency  
Please leave the massage  
Tests of my strength, a pretty much odd I know For the rest of my life I will be climbing somewhere  
Climbing  
(Climbing)  
Climbing  
(Climbing)  
Somewhere  
Somewhere But I have no fear, I have no fear  
'Cause Love is here, love is here  
Love is here, love is here, love is here Did you know that I'm looking at you now  
With a daisy in my hair, roses in my hand  
And broken ribbons in this weak hair?  
I hear a danger in the air For the rest of my life I will be climbing somewhere  
Climbing  
(Climbing)  
Climbing  
(Climbing)  
Somewhere  
Somewhere But I have no fear, I have no fear  
'Cause love is here, love is here  
Love is here, love is here, love is here  
Love is here, love is here, love is here  
Love is Did you know that I'm looking at you now  
With a daisy in my hair, poses in my hand  
And broken ribbons in this weak hair?  
I hear a danger in the air For the rest of my life I will be climbing somewhere  
Climbing  
(Climbing)  
Climbing  
(Climbing)  
Somewhere
