Medium Is the Message

Mclusky

They're always on the highway.
They're never on the phone.
They only got in trouble cos they're made of stone.And they're not exactly famous.
Their girlfriends never sit.
They only got discovered cos their clothes don't fit.They're always on the highway.
They're never on the swarm.
They only got in trouble cos their hearts too warm.Still they're not exactly gracious.
They're building on these streets.
They only got discovered cos their song's so weak.
