You Are the Holy One

Sonicflood

I will live to declare, Your glory and my heart is filled with praise
I will shout and I will sing for all of my days
Wanna walk in Your Holiness wanna stand for all Your ways
When You call I will say yes, for all of my daysWanna die so You can live resurrect my heart again
I will tell the world that You are the Holy one
You are the Holy one and I worship Your name
You are the Holy one and I stand amazed
You are the Holy one
