

Run on Love (feat. Tove Lo)

Lucas Nord

I had one mission
But I committed treason
I can't believe I caved for you
So I am now a failure
Everything I gave ya'
That's the low for live like you
Jump inside each other
We don't even bother
Now you say it's a beautiful thing
Hope we live forever
Doesn't sound too clever
Works as my protective wing
We can run on love for a while
We can run on love for a while
We can run on love 'till it dies
'Till it dies again
We can run on love for a while
We can run on love for a while
We can run on love 'till it dies
'Till it dies again
Together we fall
I had one mission
But I committed treason
I promised
I would stay away
From you and your bad tricks
You were my quick fix
I can feel it fade away
Suddenly the day came
e started to place blame
Driving us right out of our hands
You say it's my error
I say look in the mirror
The reason why our flame is dead
We can run on love for a while
We can run on love for a while
We can run on love 'till it dies
'Till it dies again
We can run on love for a while
We can run on love for a while
We can run on love 'till it dies
I always go back to you
I always go back
I always go back to you
I always go back
I always go back to you
I always go back

I always go back to you
Together we fall
