

# Putrification Of The Population (New Vocals)

## I Declare War

Eradicate the greed and lust for power  
We are in a race against time  
To keep our throats from being slit  
Just for wanting to speak our minds Persecute those whom which do not abide  
Full on Marshall Law  
Putrification of the population  
We are our own worst enemy The existence of man has hit its peak  
We are upon the downfall  
Follow orders to someone  
Who considers you expendable Lives are worth less than a dollar  
Striving to create a perfect world  
So end this fucking world
