Soul Wars

Awolnation

1, 2, 3, do you love me?
watch me scream
burning all the trees
in amazement
'cause I'm on fire
you know
456, show you all my tricks
fee-fi-fo a giants at the door
in amazement
'cause I'm on fire
oh
(x2)
'cause I'm on fire
can i get an amen?
for all the bleedin and the prayin?
I've been struggling to be gracious
now we can touch it
we can taste it
can i get a little amen?
no more running from the hangman
now I'm the pilot of this spaceship
so you can touch it
you can taste it
taste the smoke
(x2)
taste the smoke
this is no joke
15 years
blood, sweat and tears
in amazement
'cause I'm on fire

It's a cruel, cruel world
for good boys and girls
a hot day in heaven
5, 6 and 7
and amazement
'cause I'm on fire
with no help from the devil

can i get an amen?
for all the bleedin and the prayin?
I've been struggling to be gracious
now we can touch it
we can taste it
can i get a little amen?
no more running from the hangman
now I'm the pilot of this spaceship
so you can touch it
you can taste it
it'll be okay baby
we don't run, run, run
we don't run, run, run
can i get another amen?
for all the bleedin and the prayin?
I've been struggling to be gracious
now we can touch it
we can taste it
can i get a little amen?
no more running from the hangman
now I'm the pilot of this spaceship
so you can touch it
you can taste it
we don't run, run, run
