

Gone Too Long

Charlie Musselwhite

Now here you come again
With your big wide grin
You wanna get me back
Aint' gonna be like thatIts been three long years
I done run out of tears
'Nother woman's in my homeYou've been gone too long
Cried and I cried
The day you said goodbye.You wouldn't give me no selection
You're tryin' to make a connection
I Had a stroke of good luck
Now you wanna back up'Nother womans in my home
You stayed away too long
Well here's my hand
Right here at your command
If you need a little favor
Well you can get my labor
One thing I can't stand
The thought of bein' your man
Nother woman's in my home
You've been gone too long
Well goodbye babe
All I got to say
Maybe we'll meet again
Some ole rainy day
I wanta wish you well
Hope it turns out swell
'Nother woman's in my home
You've been gone too long.
Instrumental Ending
