Final Holocaust

Massacra

In the street, not a living soul, there's no sign of live
Nobody, everything's so strange, so unreal
This city is out of the way, it's no man's land
What's happened? no one knows the fact, no witness
Poison gas
Sacrifice
Genocide
Or suicide
Holy
Tenet
Crazy
Bad sect
I'm alone feeling ill at ease, expecting the worst
There is not a sound to be heard, deadly hush
Smell of death all over the place, my blood's running cold
A mass grave in the town center, rotting flesh
They were on oath
according to their g
od
Slaves till death
ultimate offering
It was their will
supreme sacrifice
Their last 'fill
the final holocaust
Dead bodies're lying on the ground I can't believe it
In this town people came to pray to their god
Ethic group believing in their spiritual master
They came in this place of worship to see him
Poison gas
Sacrifice
Genocide
Or suicide
Holy
Tenet
Crazy
Bad sect
Now I know, now the reason why there's no sign of life
They're all dead according to his instruction

Worshippers sacrificed themselves, collective suicide
They're all dead according to their religion
They were on oath
according to their god
Slaves till death
ultimate offering
It was their will
supreme sacrifice
Their last 'fill
the final holocaust
