## John Lennon

Lord, take this makeup off of me  
I said, "Lordy, lordy, lordy, take this makeup offa me"  
It's bad enough on the beach  
But it's worse in the seaBecause I'm knockin' on heaven's door  
Because I'm lookin' for my maI said, "Ma, take these guns away from me"  
I said, "Ma, take these guns away from me"  
I got so thin now, they're draggin' me down to my knees  
Oh yeah, man, do you Mr. Jones?Town  
Now I've been here so long, I almost forgot my name  
I said, "Lord I been here so long I almost forgot my name"  
But as long as I keep touring  
I'll always be in the game, fame, brain, shame and fame and game, fame, fame
