

No Way Out

Goo Goo Dolls

I've been around and I realize it's always the same all the time
And I realize it's all been unchanged what I find
And you realize there's no one home there's no way out
When you realize you're all alone Some say, there's no way out
Here today, there's no way out Every time I'm walking down by Delaware Park
You rarely hold my hand when it's after dark
And all of the places that we go and the things
That we have seen [unverified] There's no way out
There's no way out Some say and you realized that time goes by [unverified]
And you realized you're still alive, alive today
And you realize you're not gonna die [unverified]
And you realize the sun goes by Some say, there's no way out
Here today, there's no way out Every time I come a knockin' at your door
You tell me to turn away, pal you're to poor
I ain't a rich boy, I've heard about all that
All the places that I go it's ching, ching, ching There's no way out
There's no way out And I realize it's always the same
And I realize it's all been unchanged
And you realize there's no one home
When you realize you're all alone Every time I'm waiting for you in the rain
My mom says our love is sunk in a goddamn vein
I stand around and I think it's gonna work
But you look at me like I'm a jerk, oh There's no way out
There's no way out
There's no way out
There's no way out
