# Can I Love Again

## Mumzy Stranger

You don't understand,
How you make me feel,
Tell me if you can,
When you're by my side,
You make me feel all right,
Don't you wonder, my love,
No no no, I'm sitting on a window side of my home,
I never felt close, 'cause you're make me stand around waiting for,
You're my love, I never felt things go this way girl,
But I hate to say goodbye, I'm done.[Chorus:]
You're my heart, you're my strength,
You're my every day that I spend,
Now I'm lost, don't know where,
Girl you've taken my heart,
Can I love again, again,
Can I love again, again
Can I love again.You're always on my mind through the sleepiest night,
I look in the mirror, all I see is your eyes,
Need to turn away from this lonely pain,
... see the ending to my story of pain.No no no, I'm sitting on a window side of my home,
I never felt close, 'cause you're make me stand around waiting for,
You're my love, I never felt things go this way girl,
But I hate to say goodbye, I'm done.[Chorus:]
You're my heart, you're my strength,
You're my every day that I spend,
Now I'm lost, don't know where,
Girl you've taken my heart,
Can I love again, again,
Can I love again, again,
Can I love again.Baby someday, I can be ok,
To be a life stay, in a relation to you, no more, no more
I'm tired of waiting.[Chorus: x2]
You're my heart, you're my strength,
You're my every day that I spend,
Now I'm lost, don't know where,
Girl you've taken my heart,
Can I love again, again,
Can I love again, again,
Can I love again.
