

# One World

## Lenny Ibizarre

Hey, yay, love always finds a way

Every single time

Once we learn to trust our heart

And look inside, it feels like

Now we see who we are

In a different light

We're not so far apart

And anything is possible

With all the differences, we're stronger here

Now the truth has been discovered, oh yeah

After all we've been through

Now it's clear that all of us, we share

One world, one love, one and all

We're a circle together

One world, one heart, one song

Now and forever

Everybody celebrate

Bring on the party, bring on the dance

Time to let the music play

The party never ends

Every guy and every girl

Stand up and shout, say it loud

Everyone around the world

Come on and join in

We're gathered here today

Everything is right

'Cause when you give from the heart

The things you do come back to you

There to be strong and brave

Not afraid to try

That's when we see who we are

The best of friends and that's when

With all the differences, we're stronger here

Now the truth has been discovered, oh yeah

After all we've been through, now it's clear

We're all, right here to share

One world, one love, one and all

We're a circle together

One world, one heart, one song  
Now and forever  
Ooh, I never knew that love would find a way  
To bring together both of us  
Now inside I know it's true  
'Cause what we have is meant to be  
You let me be the real me  
Together here is where we belong  
One world, one love, one and all  
We're a circle together  
One world, one heart, one song  
Now and forever  
One world, one love, one and all  
We're a circle together  
One world, one heart, one song  
Now and forever we're a circle together  
Now and forever, one world
