

# The Dream Believer

## Full Force

Where can it be and what time is it gonna be there  
Tell me baby, I want to know  
Reach for the sky with every cloud at the silver lining  
Step on a chase you dream and don't let go  
I said never let go my baby no no noI can feel the negative that's all over me  
And all because I was talking so much  
That my eyes could never seeWe've got to open up our minds  
And read between the lines  
'Cause in the shadow of friendship  
There might be someone standing there  
Waiting to destroy the faith  
Of the dream believer (dream believer)  
Now close your eyes and see the sky in so many different colors  
Hand in hand, why can't this be  
This is your thing, stand strong and let it go to your way  
Let them know, don't ever let your dreams go, baby, noI can feel much pain and hunger through the world  
And all because we don't take the time  
We've got all the boys and girlsYou've got to open up your heart  
Believe it from the start (don't be giving baby)  
That in the shadow of friendship  
There might be someone standing there  
Waiting to destroy the faithWe've got to open up our mind  
And read to tells your signs apart  
'Cause in the shadow of friendship  
There might be someone standing there  
Waiting to destroy the faith  
Of the dream believer  
Good god, hit me  
Martin Luther King  
And I want you to know the night  
That we and the people will get to the promised land  
So I'm happy the night that I'm not worried  
About anything, I'm not fear it in me man  
My eyes have seen the glory of the coming of the landI can feel much pain and hunger through the world  
All because we don't take the time  
We've got all the boys and girlsWe've got to open up your mind  
And read between the lines  
'Cause in the shadow of friendship  
There might be someone standing there

Waiting to destroy the faith  
Of the dream believer  
Of the dream believer  
Of the dream believer
