

# Sugar Maple

## Such

It's been a long day  
Just wanna come home and lay on you babay  
But you say "honey, we're not gonna stay,  
I'm taking you out to your favorite cafe" We feed each other sorbet  
Then head to your secret hideaway  
For our very own soirÃ©e  
Hey, It's a party I'm grateful  
This thing we have is special  
Like spring showers in April  
You sprinkle  
Your love on me so playful  
Tasteful  
Like sap from a sugar maple  
This is the perfect holiday  
We sit and chill on the dock of the bay  
Sippin on some Chardonnay  
We sway to Marvin Gaye  
I'm pulling out my lingerie  
Gonna go all the way I'm grateful  
This thing we have is special  
Like spring showers in April  
You sprinkle  
Your love on me so playful  
Tasteful  
Like sap from a sugar maple Let you rub my feet  
Kiss me from cheek to cheek  
Make my knees go weak  
Then I'll give you a quick sneak peek  
(Im gonna) Let you rub my feet  
(You're gonna) Kiss me from cheek to cheek  
Make my knees go weak  
Then I'll give you a quick sneak peek I'm grateful  
This thing we have is special  
Like spring showers in April  
You sprinkle  
Your love on me so playful  
Tasteful  
Like sap from a sugar maple
