Beautiful

Sam Shrieve

There you go again alone my friend
How about you doing what you do
Down and out again it never ends
Iâ€™ve been through what youâ€™re going through

I hope you know that you are beautiful
And you deserve the world
I hope you know that you are wonderful
So just let go

Falling out and in of freedom sin
Walking through and from what you knew
Doubting reason when youâ€™re dead within
But I know you know what to do

I hope you know that you are beautiful
And you deserve the world
I hope you know that you are wonderful
So just let go

Thinking of you when youâ€™re walking in
A world you knew and gave into
Waking up in the state in youâ€™re in
Knowing who knows what to do

I hope you know that you are beautiful
And you deserve the world
I hope you know that you are wonderful
So just let go
