

# Be Honest (feat. Burna Boy)

Jorja Smith

I know you want me  
Every day, tell me when you're lonely, yeah  
You see, you think you know me But you don't even know nothing about me, yeah  
You see my thick thighs  
Lost when you look into my brown eyes  
See, my little waist can make you switch sides  
You never know the devil in the disguise  
So why don't you stand up, baby, and  
Tell me, tell me, tell me do you want me on top?  
So let me show you, show you, show you  
I don't need to back it  
Don't wanna hold ya, mold ya, stole ya  
Split you in half with my heart  
I just wanna love in you, trust in you, honour you  
Please, do the same on your part  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience Take time, you no say I'm wrong whenever I see bad vibes  
Before you come my way, make sure you think twice  
Look into my eyes but I can never see us  
I can product you, but you know I could never lie, yeah  
Come through  
I can show you somethin' you can run to  
When I finish, you'll be feelin' brand new  
Wanna be somebody you can run through  
I'm lookin' for that, I'm alive  
One time, no care, big vibes, slow back  
Catch feels, get high  
If you make your bed, then you can lie  
Just please don't waste my time  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience

Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience People, they talk, they majesty  
Love the way your body twistin'  
Mek me lose control in the this ting, oh  
And it's all because I'm thinkin' of us  
Don't go throw me under di bus  
Under a spell, I'm under your love  
I don't know why nobody want me  
Listen, my baby could be, do me bad  
But your love inside my hoody bag  
If I do you back  
I better make you know, do me back  
Gimme one time, one try  
Be mine, this time  
Take time, same time  
But we never waste time  
Girl, I never lie, you already know that I'll be honest Be honest (Be honest, ooh yeah)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience (Ooh yeah)  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
It got this on my conscience  
Be honest  
You want this (You want this)  
But I can be heartless  
It got this on my conscience
