

# Cockroach

## Feeder

Sitting in the sunshine  
Sipping cheap wine on a bed  
Salsa in the summer  
Some tequila for my head Just take me home, just take me home (Just take me home)  
I love the winter, winter, yeah yeah  
Give me a phone, give me a phone (Give me a phone)  
The operator Red eyes in the sunshine  
Sipping cheap wine on a bed  
Salsa in the summer  
Casanovas walk the stretch Just take me home, just take me home (Just take me home)  
I love the winter, winter, yeah yeah  
Give me a phone, give me a phone (Give me a phone)  
The operator, yeah yeah yeah  
Just take me home, just take me home, just take me home Cockroach, cockroach, cockroach, cockroach... Sitting  
in the sunshine  
Some tequila for my head Just take me home, just take me home (Just take me home)  
I love the winter, winter, yeah yeah  
Give me a phone, give me a phone (Give me a phone)  
The operator, yeah yeah yeah  
Just take me home, just take me home (Just take me home)  
I love the winter, winter, yeah yeah  
Give me a phone, give me a phone (Give me a phone)
