

Another Wrong

Dag Nasty

No matter what I do I can't redeem myself
Or how I try Start over again
Strip clean - pick up the pieces Who made the rules Who decides when I've made up
paid up Ten months this time twelve before
Few others could take much more Do it right When I'm not even given the chance How can I
To correct the mistakes I've already made? It's so hard to live up to standards
When you don't even know what they are How can you expect me to change?
