

Heaven Sent

Trophy Eyes

[Verse 1]

Lay your head on my shoulder
As I draw pictures in your skin
I leave marks behind with my fingertips
Like lines in wet sand
One day the tide will come
And wash away everything that I did
Your memories of me will disappear
Into bad dreams[Chorus]

So stay away from me
Now that you know what kind of man I can be
Breaking hearts is second nature to me
I'll step over you just to get what I need

[Verse 2]

So damn smart and interesting
Don't say that you weren't warned
I will only break your heart
So damn smart and interesting
Don't say that you weren't warned
I'm so dangerous[Chorus]

So stay away from me
Now that you know what kind of man I can be
Breaking hearts is second nature to me
And I'll step over you just to get what I need

A broken heart will take some time
But I'll be better overnight
I see the tremble in your smile
Don't cry of or me, I can't feel it[Bridge]

You should have listened to me
You should have listened to me
You should have listened to me
You should have listened to me[Chorus]

So stay away from me
Now that you know what kind of man I can be
Breaking hearts is second nature to me
And I'll step over you just to get what I need
A broken heart will take some time
But I'll be better overnight
I see the tremble in your smile

Don't cry of or me, I can't feel it
Don't cry of or me, I can't feel it[Outro]
So damn smart and interesting
Don't say that you weren't warned
I'm so dangerous
