

Pale Ghost

Carnifex

I'm just a ghost on this earth
Sharpen your words
I want it to hurt I'm the secret you'll never keep
When you bury me
Bury me deep I'm just a ghost on this earth
Sharpen your words
I want it to hurt Goodbye for the last time
When I close my eyes
It's hell inside
This is me drifting away
So write sorry on my grave
I'm dead inside
And live for the pain
It's not what I wanted
But what I became You are the blood in my lungs
Everything I hate
But can't help but love Death bed confession
My only true love
Is my depression You are the blood in my lungs
Everything I hate
But can't help but love A pale ghost that dies
A world without light
With nothing left inside
This is me drifting away
So write sorry on my grave
I'm dead inside
And I live for the pain
It's not what I wanted
But what I became This is the end, it's too dark to see
Only death could love me for me Black out
Let go
Give up
I've heard these words so fucking much This is me drifting away
So write sorry on my grave
I'm dead inside
And I live for the pain
It's not what I wanted
But what I became I'm dead inside and I live for the pain
