

# Let Your Light Shine

## The Ball Brothers

Can you feel it, rising up like a tide  
Rolling over me and you (oh)  
It's a joy and it's a light you can't hide

Yeah and why would you want to

It's a feeling that puts a smile on your face  
Even on a rainy day (Mmm)  
It's hard to explain it  
Just what I'm feeling today  
But I know I want to give it away

We got to share some love, some joy  
Some peace, some hope now  
It's up to me and you  
To tell the whole wide world  
That Jesus is the way  
Come on people, whatcha going to do?

Let your little light shine  
Cos it's the joy of Jesus coming true  
You can change your life  
Like I know He changed mine  
So don't hide it  
Don't fight it  
Let your little light shine

(Woo Hoo Go on and let it shine)

Now there are people all around the world  
Could be someone close to you (oh)  
They are hurting but we can change their life  
So stand up, we got some work to do

We got to share some love, some joy  
Some peace, some hope now  
It's up to me and you  
To tell the whole wide world  
That Jesus is the way

Come on people, whatcha going to do?

Let your little light shine  
Cos it's the joy of Jesus coming true  
You can change your life  
Like I know He changed mine  
So don't hide it  
Don't fight it  
Let your little light shine

There will be days it seem as dark as night  
But don't let your light go deem  
Just keep shining, you could lead someone to Him

Go on and share some love, some joy  
Some peace, some hope now  
It's up to me and you  
To tell the whole wide world  
That Jesus is the way  
Come on people, whatcha going to do?

Let your little light shine  
Cos it's the joy of Jesus coming true  
You can change your life  
Like I know He changed mine  
So don't hide it  
Don't fight it  
Let your little light shine

(Yeah Woo)

Go on and let it shine  
You got to let it shine  
Just let it shine  
Go on and let your light shine
