Skips a Beat (Over You)

The Promise Ring

My girl's car 'round the corner on Clarke
She's in the window as its getting dark
Hope I'll be in there after darkSo wouldn't it be nice
If we could live twice in just one life
And then we'd know what to doWhen I'm shaking in my shoes
And my heart skips a beat over you
What to do when I'm shaking in my shoes
