

# Metamorphosis

## Attrition

I've never realized how bad it was  
To lose the ground to rest my feet  
Humanity is lost inside  
My eyes can't teach my mind  
Clockwork nerves controlled my arms  
Pupils are wide open to see  
No coming back from where I left  
I'm a rotten orange healed by force

A number was my name  
A priest was my strength  
A cell was my home  
A nightmare so unreal  
I'm not the man I used to be  
I'm something else, this is not me  
No self respect, no memory  
I'm living my own metamorphosis
