

# New Dark Ages

## Bad Religion

Advisory - the following lyrics contain explicit language:

Now can you hear the call in our rambling land?  
Susurrations that can expand  
Beyond all hope of light  
And plunge us into unrelenting night  
A pall, a truth and reason  
It feels like hunting season  
So avoid those lines of sight  
And we'll set this right  
Welcome to the new dark ages  
Yeah, I hope you're living right  
These are the new dark ages  
And the world might end tonight  
Now come ye children, one and all  
Let's heed Ezekiel's call  
And bide until the word is good and ripe  
And get plucked clean out of sight  
The world will be erased  
Our kin will be immaculate, ejaculate in space  
Before the King of king's love  
He'll snatch us from above  
Brothers, help me sing it  
Welcome to the new dark ages  
Yeah, I hope you're living right  
These are the new dark ages  
And the world might end tonight  
So how do you sleep?  
There's nothing to keep  
This is deep  
Because we're animals  
With golden rules  
Who, who can't be moved  
By rational views, yeah  
Welcome to the new dark ages  
I hope you're living right  
Welcome to the new dark ages  
Say it again, yeah  
Oh, these are the new dark ages  
I hope you're living right  
Welcome to the new dark ages  
And the world might end tonight
