Me And Baby Brother

War

Me and baby brother
Used to run together
Me and baby brother
Used to run together
Welcome one another
Headed for the corner
Welcome one another
Headed for the corner
Shiftin' on his mind is like
Drinking funky wine by the river
Chippin' on his mind is like
Drinking funky wine by the river
Me and baby brother
Used to run together
Me and baby brother
Used to run together
Welcome one another
Headed for the corner
Welcome one another
Headed for the corner
I remember the day
We used to fight together
I remember the day, yeah
We used to fight together

Me and baby brother
Used to run together
Me and baby brother
Used to run together
Hang on, baby brother, oh
They call it law and order
Hey, hey, hey
Come back, baby brother
Come back, baby brother
Come back, baby brother
Come back, baby brother
You're my baby brother
You're my baby brother
Come back, baby brother

Come back, baby brother
Come back, baby brother
You're my baby brother
You're my baby brother
Come back, baby brother
Come back, baby brother
Come back, baby brother
