

She's So Sexual

Reamonn

Have you ever seen her standing in the bedroom
Looking like she wants to, wants to please?
Did you ever think that you were in the wrong room
Stretching 'cross the dark side to ecstasy?She's so sexual
She's so sexual
She's so sexual
She's so sexualDo you think she sees you spying through her window
And do you think she likes it or is she aware?
Standing in the bedroom, watching her undressing
Yeah, do you think she likes it, her personal voyeur?She's so sexual
She's so sexual
She's so sexual
She's so sexualShe could make you happy
And she could make you smile
Yes, she could make you happy
She would blow your mindShe's so sexual
She's so sexual
She's so sexual
She's so sexual
