

# Invisible Game

**Mos Def**

Before Mr. Taylor taught the world to play  
Before fiberglass  
Before parquet  
Before the word "Doctor" was spelled with a "J"  
And ballrooms were ballcourts where the Renaissance played  
Before the hype and before the dunk

After the rhythm but before the funk  
Before the money and before the fame  
Before new school and old school  
Before school had a name  
It was only a ball and the soul of the game  
Converse  
The first school
