

Waterfall

Christopher

Uuuhhhhh x 4 I won't fall I won't sleep
I will fall in too deep
Standing on the edge of something beautiful
Let's go to the other side of the waterfall Uuuhhhhh x 4 Everywhere is poisoned
Everywhere is noise
I can be your shelter
I can be your choice
Standing on the edge of something beautiful
Let's go to the other side of the waterfall Uuuhhhhh
Of the waterfall x 4 It feels like I'm drowning
I can't go up there
No one will ever find us
If we stay in here
Standing on the edge of something beautiful
Let's stay on the quiet side of the waterfall Uuuhhhhh x 4 I can feel the thunder
Underneath my skin
I can feel them talking
It's blowing in the wind
Standing on the edge of something beautiful
Let's stay on the quiet side of the waterfall Uuuhhhhh
Of the waterfall x 4 Uuuhhhhh x 4
