

# Power Hungry

## White Zombie

Out of the past  
Machines of crime  
Brute force side-split  
Live and let die Dealing, I am  
Triumph blood is  
Thicker water  
Getting, power hungry Track down, weak flesh  
Some like it hot  
High roll, get down  
Fist face, get down Dull years strait jacket, baby  
Wired from 10 years of pain  
Bending the rules seems more likely  
Than going insane, insane Sweating time, in the hot house  
Toyland broken yea  
Eating away, all fascination  
Got the power to get away, to get away  
To get away Steel crush, destroy  
Call of the soul  
Money mindstorm  
Run for your life Dealing, I am  
Triumph blood is  
Thicker water  
Getting power hungry Future, alive  
Robot, city  
Take what I need  
Young stuff, get down Taking refuge in a breakdown  
Extermination, starts the take down  
Forming a theme, staple characters  
Flying god-head Non-conforming, precision  
No direction, collision  
Accelerating, evolution  
Dinosaur, revolution Slaughter house, blood slamming  
Emotional, bitch scamming  
Impossible, demonstrate it  
Power hungry, so I
