

Entrantment of Evil

Incantation

Evil one enters the helpless soul
Merciless, the giver takes his toll
Reveals the evil, condemn the victim
Corruption of the holy, destruction of the GodsHe is the giver of the living torment
Deny the blackest wrath, the sweet sufferingEndure the precious soul
Break through the sacred flesh
Exorcist, the demon's wrath
Entrantment of the evil oneThey call on you, the beginning of burning
Enter the maze, realms of darknessEvil one enters the helpless soul
Merciless, the giver takes his toll
Reveals the evil, condemn the victim
Corruption of the holy, destruction of the GodsHe is the giver of the living torment
Deny the blackest wrath, the sweet suffering
