I'm Yours Tonight

The Academy Is...

Forever alone until I found you and now you're always there
Voice on the air, scent on my clothes
Oh, but when the sun exposes all my demons
Will you stay or run away?
I'll help you find your way every moment you're awake
You know I'll stay even in your dreams
I'll pull the stars down from the heavens to fill your empty skies
I'm yours tonight, I'm yours tonight
Whenever you go they say I'm bad news when everyone agrees
Whispers start sounding like screams
Oh, but I know what you want to say before the words escape your teeth
Will you trust in me?
I'll help you find your way every moment you're awake
You know I'll stay even in your dreams
I'll pull the stars down from the heavens to fill your empty skies
I'm yours tonight, I'm yours tonight
My good intentions can leave the hardest hearts
The harshest scars you've ever seen
My bad impressions, they will follow me
Makin' enemies that I can't see
Forever alone till I found you
I know that you'll stay, you won't run away
I'll help you find your way every moment you're awake
You know I'll stay even in your dreams
I'll pull the stars down from the heavens to fill your empty skies
I'm yours tonight
I'll help you find your way every moment you're awake
You know I'll stay even in your dreams
I'll pull the stars down from the heavens to fill your empty skies
I'm yours tonight, I'm yours tonight
