

Fell In Love With a Song

Blush

First verse had us hooked on every other word Angeli & JiHae
By the end Angeli & JiHae
You wanted it again Angeli & JiHae
And now it's too Angeli & JiHae
Late Angeli & JiHae
Cos When it plays then I'm not okay Angeli & JiHae
I fall again Angeli & JiHae
All over again Angeli & JiHae It started off first like this is our jam Angeli & JiHae
Now I'm standing right here with my head in my hands Angeli & JiHae
When I close my eyes it's like you're standing right there by the dj booth with your hands in the air Angeli &
JiHae Looking straight in my face Angeli & JiHae (My Face) Nacho
I step back in time and I'm all over the place Angeli & JiHae
And it's driving me crazy Angeli & JiHae (it's driving me crazy) Vic & Ali - Not on recording
Said, it's driving me crazy Angeli & JiHae (it's driving me crazy) Vic & Ali - Not on recording Cuz we fell in
