

No Bad Days

Alabama

There's a farmer in a wheat field
Praying for rain
There's a mother in mournin'
And a child that's in pain
There's suffering and hard times
When you're down on your luck
But it ain't in the fallin'
It's in the gettin' back up
As long as your heart beatin'
(Your heart's beatin')
There's no bad days
(No bad days)
You got something to believe in
There's no bad days
(No bad days)
As long as you're dreamin', reachin', seakin',
Make no mistake
As long as you breathin',
(Long as you breathin')
There's no bad days
When the sun just ain't shinin'
And the end is not in sight
Have faith in the shadows
And you'll find the light
It's amazing the view
When you're down on your knees
You may not get what you want
But you get what you need
As long as your heart beatin'
(Your heart's beatin')
There's no bad days
(No bad days)
You got something to believe in
There's no bad days
(No bad days)
As long as you're dreamin', reachin', seakin',
Make no mistake
As long as you breathin',
(Long as you breathin')

There's no bad days
Life is so fragile
It can change in a dime
Don't put off till tomorrow
You might just run out of time
Tell someone you love them
Before it's too late
We're not promised tomorrow
So there's no bad day
As long as your heart beatin'
(Your heart's beatin')
There's no bad days
(No bad days)
You got something to believe in
There's no bad days
(No bad days)
As long as you're dreamin', reachin', seakin',
Make no mistake
As long as you breathin',
(Long as you breathin')
There's no bad days
No bad days
No bad days
There's no bad days
As long as you breathin',
(Long as you breathin')
There's no bad days
As long as your heart beatin'
(Your heart's beatin')
There's no bad days
mm mm mm
No bad days
