Jane

Elf Power

Jane was the one
Who would always have her fun
When she's lying on her bed
Making visions in her headWhen she stays at home
When she's really alone
When she doesn't use her mouth
When she's sitting in her house'Cause she likes to sit in silence
And just see the big ole sky
And she always sees the lightningWhen it zaps her in her eyes
And we all get captured for a while
And we all get lostJane sang a song
It was pretty, it was long
It was all about a man
Who went by the name of DanIn a bubble he would float
Over Jane just like a ghost
And she'd wave to him each night
As he slowly passed her by'Cause she likes to sit in silence
And just see the big ole sky
And she always sees the lightningWhen it zaps her in her eyes
And we all get captured for a while
And we all get lostThe bubble is not even tired
It's always on the rise
It's an amazing ride once you step inside
And leave these streets behindJane went to sleep
She was weary, she was weak
And she dreamt about the light
That washed over her that nightAnd then suddenly she flew
Through a halo round the moon
Dropping packages of gold
To the bubble down below'Cause she likes to sit in silence
And just see the big ole sky
And she always sees the lightningWhen it zaps her in her eyes
And we all get captured for a while
And we all get lost
