## Ulver

The old man sings  
In the face of fearThe circular mantra  
Why are we hereThe audience is blind  
To what takes placeIn the pillory  
Life is a stageThe vertical lights of death  
In codes of red and blue  
Birds in black and white  
And the drums of wwiiTattooed in numbers  
Genocide is suicideWe are our own enemy  
And the last judgement  
Our children are hurting  
In the final performanceThe newborn is still  
The rest is silence
