

Souvenirs

J Fernandez

Safe inside this room
We never speak on the telephone
Sense a lack of trust
Feeling someone watching us Forget your souvenirs
Forget souvenirs
Run and hide Listen through the walls
Up follow the secret code
Televisions know
Static sounds and constant rows Forget your souvenirs
Forget your souvenirs
Ride and hide
Your message isn't clear
And your messenger is here
He's come to find to find you It's not enough
It's not enough
I wish I left a book
Another spine [Instrumental] Forget your souvenirs
Forget your souvenirs
Ride and hide
Your message isn't clear
And your messenger is here
He's come to find to find you It's not enough
It's not enough
I wish I left a book
Another spine
