

Back to You

Twierps

Somebody out there is doing better than me
They're kicking back, sipping on an iced tea
Don't mind me, I'm doing as I please
I'm hanging in the trees and singing out at the leaves And it all keeps coming back to you
And it all keeps coming back to you
And it all keeps coming back to you
And it all keeps coming back to you Somebody out there is doing better than me
Somebody out there is buzzing like a bee
Somebody out there is doing better than me
They're feeling free, feeling free, feeling freer than me And it all keeps coming back to you
And it all keeps coming back to you
And it all keeps coming back to you
And it all keeps coming back to you
