

With My Maker I Am One

[Eric Bibb](#)

I am the preacher shoutin out the news
I am the juke stomper playin the blues
I am the Holy Roller givin Jesus my cares
I am the candy man pushin my wares
I am the cowboy brandin my steers
I am the Cherokee brave on the Trail Of Tears
I am the master whip in my hand
I am the slave from a distant land
After all is said an done with my Maker I am One
I am the Okie on a dusty road
I am the banker with the tailor-made clothes
I am the hobo in a cold boxcar
I am the railroad baron with the long cigar
I am the ghetto brother bout to lose his lease
I am the landlord cuttin of the heat
I am the prisoner playin cards
I am the warden lokkin out on the yard
After all is said an done with my Maker I am One
I am the doctor savin the sick
I am the junkie gravin a fix
I am the homeless child on streets so mean
I am the movie star on the silver screen
I am the champion at the finish line
I am the beggar holdin up the sign
I am the rookie tryin to make the Hall f Fame
I am the gangster fixin' the game
After all is said an done with my Maker I am One
After all is said an done with my Maker I am One
