

# Serenata

## Marco Beasley

Tonight while all the world is still  
Fly sweet song over the highest hill  
Go to my loved one, Serenata for me

Sing him my song, love's melody Tonight, when we are so far apart

Bring him back, back to my lonely heart  
Go to my loved one Serenata and say

When you're in love, love finds a way Go to my loved one Serenata for me

Sing him my song, love's melody Go to my loved one, Serenata and say

When you're in love, love finds a way  
Love finds a way, love finds a way  
Love finds a way
