C'mon Love Me

[Kim Wilde](#)

There's an endless sky
And it's just you and I
You're close to me
We tried to say goodbye but
But we can't be that strong and let it beNow I know life's changed
And we can't expect to have things
Like they were before
But you want me, I want you
And there's nothing left for us to do
Before the night is through nowC'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love me
C'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love meWe don't close our eyes
We're looking deep inside
And move so slow
Ooh, this is making love it
Feels so good
Oh baby, don't let goWhen the morning comes
We'll pray the dawn could never
Break another day
Then we'll kiss, say goodbye
And tomorrow I'll be on my way
But before we're through nowC'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love me
C'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love meC'mon, c'mon, c'mon
C'mon, c'mon, c'mon
Love me
C'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love meC'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love me
C'mon, c'mon, c'mon
C'mon, c'mon, c'mon

And love me, love meC'mon, c'mon, c'mon
C'mon, c'mon, c'mon
And love me, love me
