

Without (Wigzen ReVision)

Sampha

See, I don't wanna say you've got me
See, I don't wanna say you've got me
I'm just glad that you're here
Here, here, here and you're here
I see mountains and mountains are close
So I'm searching here, I'm searching for love
Only good it's not into
The only good it's not unfair
Yeah, yeah Just say it, say it, say it, say it , say it
See we don't have to go, we don't have to go
Without, without, without without
Just say it, say it, say it, say it, say it
Won't you say? Well I'm far from perfect
I see the pictures that you take
The darkness in your days don't change
They don't change
But I'm saying, saying, saying
Won't you stay?
You need somebody
That comes along to say
That you are going to be OK, OK, OK, OK
Well I'll say, say, say, say, it
I can't stay forever
But if this would go straight
I conquered the catastrophe Without you, without you without you
Without you, with out you, with out you
So just say it
Just say
That we don't have to go
We don't have to go with out, without
I'll say it, say it, say it
I'll say it, I'll say it
