Pretty

Oogee Wawa

Now where you been my whole life?
The way I feel, so so right.
Won't understand how precious, Frodo might.
The woman of my dreams
she's the prototype.
She's got a rock on her finger,
everyone can see.
But what your man got to do with me?
You see, I'm naughty be nature
down with O.P.P.
I'm feelin' like a kid back in'93,
Yeah

I never knew a soul so pretty,
Now I'm watchin' every movement that she makes.
I'm tryin' to act all cool and steady,
but I just can't shake this.
Tyrin' to calm these nerves of mine,
not gonna fumble my words this time.
Now I'm waiting
to see what you do.
And I thought you should know
you're so pretty.(so pretty)
Yeah, I thought you should know
your so pretty (so pretty)

Yep yep, your so pretty

Well, you're the picture perfect specimen,
I could see us naked wrestlin'
It's so sexy, when you're late night entering, in nothing but my letterman,
Like take your medicine.

She was this island girl,
she got me whirling, Girl,
hypnotized to her voice just like a siren, Girl.
One two one two,
cup cup like D.J Danger,
I'm just a boy in this world

looking for his Topanga.

I never knew a soul so pretty,
Now I'm watchin' every movement that she makes.
I'm tryin' to act all cool and steady,
but I just can't shake this.
Tyrin' to calm these nerves of mine,
not gonna fumble my words this time.
Now I'm waiting
to see what you do.
And I thought you should know
you're so pretty.(so pretty)
You're so pretty (so pretty)

This is my chance to say
about how pretty you can be,
there's nothing in my way,
to let you know you're so pretty.

She was a sexy dredy, a Betty, thin like spaghetti, tossing nuggets of headies around like party confetti. Get ready, a rocker, like Marty Geneti, looks hot in a teddy, Toretto and Letty, my heart is so heavy.

I never knew a soul so pretty,
Now I'm watchin' every movement that she makes.
I'm tryin' to act all cool and steady,
I just can't shake this.
I never knew a soul so pretty,
Now I'm watchin' every movement that she makes.
I'm tryin' to act all cool and steady,
but I just can't shake this.
Tyrin' to calm these nerves of mine,
not gonna fumble my words this time.
Now I'm waiting
to see what you do.
And I thought you should know
you're so pretty.(so pretty)
Your soul is so pretty
