Echoes

Concrete Blonde

Live on
Endless running - rivers red
I see the ruins fallen in my head
No sign of liberty on any face
Lost by the tears of more than one race
More than one raceUnder illusions of hostility
We sleep in doubt restlessly
Outside the walls in cinder we lay
A silent voice against the crimson sky
crimson skyLive on - tu y yoGod, I dream - it's only a vision
Just ahead - miles in revision
I walk with you - but not alone
Without an answer we will sing this song
sing the songLive on - tu y yoLive on - tu y yoWe will begin again
