

Sweet Good Bye

Jean B. Gerbier

Sweet Good bye

I slept awake that night, I could not forget the way you cried for me.
I guess you are falling in love with me,
my body tingle for you all over.
I love you more than words can say, I can't give you anything but love.

Chorus

Sweet good bye, I wiped the tears from your face.
Sweet good bye, sweet good bye sweetie.
Sweet good bye, good to remember you are my sweetheart, oh oh oh,
sweet goodye

II

I you ever need a friend, I'll be by your side everyday, you can depend
on me. I simply adore you. It would'nd happen without you.
I love you more than words can say, I can't give you anything but love.
